A SHARP SPECULATOR .- A family residing at Gourdin's Station, on the Northeastern Railroad, were surprised by a visit from one Augustus Carr, who called himself a constable and stated that he came to collect money for the liberation of a member of the family, who was serving out a term in jail. The kindhearted stranger was received with all gladness, and by the most strenuous efforts of the house five hundred pounds of cotton were scraped together, and the sum of \$5 in money raised, both of which were placed in the hands of the promised liberator. Carr was subsequently arrested under warrant from Trial Justice Magrath, for swindling, and was proved to have an alias, "Greene," and to be an old offender and a notorious sharper. Fortunately, he had not yet disposed of the cotton, which was returned to the owners. He himself was sent to jail, where he now remains in default of \$1000 bail. A few days ago Carr was sent to jail on a charge of stealing \$400, and had only been liberated by producing the necessary ball.

THIEVES GOING TO LAW .- A few days ago Richmond, deposited the sum of \$950 with Francis Jenkins for safekeeping. The latter keeps a cookshop at the corner of East Bay and Market streets, which is said, among those who know, to be a general receptacle and deposit for plunder acquired by a gang of thieves infesting our city. Jenkins subsequently refused to deliver the money up to his ballor on demand, who forthwith instituted a suit against him for breach of trust and grand larcency before Trial Justice Magrath. In default of bail, Jenkins was locked up in jail, and he has now employed a lawyer to get him out. Bryant has likewise retained counsel, and is in jail also. He says that he obtained this money in Richmond, where his share of the plunder, on the division among his gang, who robbed the Bank of Richmond of \$26,000, was \$1000. Of this he spent \$30 on his passage hither, and \$20 subsequently in the city. He has two wirnesses likewise in jail who can prove the fact that he deposited the \$95 with Jenkins, which the latter denies. A habeas corpus has been issued to bring Jenkins before two other trial justices for the purpose of reduc ing the ball, which is now fixed at \$1900. The sheriff claims all the time allowed him, and no re turn will be made until to morrow.

CRUMBS .- Julius C. Carpenter, Esq., the registrar in bankruptcy, has received permission from his Honor Judge Bryan to be absent from the city until the 10th of January next, until which time all cases before him will be con-

The Gilfort Brothers did not perform yesterday and their rope was taken down. The fool-hardsness exhibited by people who tempt Providence to break their necks, receive little sympathy here at least, and we are happily relieved from the probability of writing a touching obituary notice.

SPECIAL MEETING OF CITY COUNCIL.-Pursuant to a previous resolution, a special meeting of Council was called by the Mayor last evening at the usual hour. Present, the Mayor, and A!dermen Potter, Cunningham, Holloway, Voigt, Hampton, Collins, Small, E. P. Wall, Thorne and

The Mayor stated that the object of the meeting was to consider the license bill.

On motion of Alderman Collins, the bill to regulate licenses for 1871, similar, in most respects to

the bill for 1870, was taken up and read the second time by sections.
Several sections were read, and, after cliciting

much discussion, were passed with various amendments to the third reading. On the reading of the 5th section, a motion was

made to adjourn and give the Alde consider the bill.

The Mayor here stated that dollar in the City Treasury to dollar in the City Treasury to dollar with, and that the bill was as the main hope of raising supplies. That it was understood to be the order for this meeting, and its passage was the purpose for which this meeting was called. In the discussion which ensued, the Council

found themselves without a quorum, and were about to break up, when the quorum was restored

by the return of an Alderman. The motion to adjourn was then put and carried, by a vote of 5 to 4.

With it are combined the juices and extracts of a variety of aperient, anti-billious, anti-spasmodic and antiseptic vegetable substances, and these properties are conserved and rendered diffusible by the pure spirit of the sugar-cane-the most genial and harmless of all stimulants; but this inestimable bark is, after all the most important medical agent contained in the Bitters. In the various complaints for which quinine is prescribed, PLANTATION BITTERS may be given with the certainty of producing all the good effects claimed by the faculty to result from the-

AN ABSOLUTE SAFEGUARD .-Invalids, broken down in health and spirits by Chronic Dyspepsia, or suffering from the terrible exhaustion which follows the attacks of acute discase, the testimony of thousands who have been raised as by a miracle from a similar state of prostration by HOSTETTER'S STOMACH BIT TERS, is a sure guarantee that by the same means you too may be strengthened and restored. But to those who stand in peril of epidemics, to all who, by reason of exposure, privations, and uncongenial climate or unhealthy pursuits, may at any moment be stricken down, this paragraph is most particularly and emphatically addressed. You, who are thus situated, are profered an absolute safeguard against the danger that menaces you. Tone and regulate the system with this harmless medicinal Stimulant and Alterative, and you will be forearmed against the maladies whose seeds float around you in the air unseen. HOS-TETTER'S STOMACH BITTERS are not only a standard Tonic and Alterative throughout the United States, but they are accredited by the cer-tificates of the most distinguished citizens of the Union, to the people of all other lands. In Canada, Australia and the West Indies, they are gradually taking place of all other stomachics, whether native or foreign, and as surely as truth is pro r gressive and demonstration overthrows doubt they will eventually supersede every other 'n vigorant and Restorative now employed in medicinal practice.

FOR SIGHT IS PRICELESSII

The DIAMOND GLASSES, manufactured by J. E. SPENCER & CO., New York, which are now offered to the public, are pronounced by all the celebrated Opticians of the world to be the most Perfect, Natural Artificial help to the human eye ever known. They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy.

The scientific principle on which they are constructed brings the core or centre-of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are mounted in the finest manner, in frames of the best quality, of all materials used for that purpose. Their finish and durability cannot be surpassed.
